nimue.

nimue peels

Nimue 35% Glycolic

Provides controlled & predictable removal of skin cells to improve the texture and appearance of the skin. Leaves you with glowing skin.

R900

Nimue 7.5% TCA

Improves texture of the skin as well as reducing the appearance of superficial lines, acne scars, uneven pigmentation and enlarged pores.

Acne breakouts may be reduced with TCA treatments.

R995

Nimue Environmental SRC

Formulated to reduce wrinkles, soften and refine skin texture and provide immediate radiance.

R970

Nimue Problematic SRC

Formulated to dissolve dead skin cells and decongest, while refining and softening the skin, helping to reduce pore size.

R970

Nimue Hyperpigmentation SRC

Formulated to promote skin brightening, while offering renewal and refinement of the skin.

R970

Nimue Thermal Detox

Thermal Sensory Mechanism that deep cleanses, exfoliates and oxygenates to achieve instant results. Removes impurities and excess oil, refines pore size, softens fine lines & wrinkles, improves hydrations, smooths skin texture and gives instant radiance.

R660

Nimue Smart Resurfacer

Superficial peel with ultimate potency that gives intense rejuvenation with no down time.

R1050

Nimue Smart Micropeel (for sensitive skin)

Unique and gentle peel that rejuvenates and exfoliates the skin.

Simultaneously controlling inflammation and restoring the skin's microbiome.

R760

nimue.

nimue facials

Nimue Deep Cleanse Facial R580
Deep cleansing facial, for all skin types, especially for problematic skin.

Nimue Deep Cleanse Back R630
Deep cleansing facial for your back.

Nimue Active Rejuvenating Treatment R850
Radiance, refined pore size, increased elasticity and lightening of pigmentation.

Nimue Hyaluronic Power Fusion Treatment R890
Smart rehydrating treatment delivering immediate and lasting results such as instant plumping, skin smoothing and improved skin radiance. Reduction of fine lines, wrinkle depth and wrinkle formation.

Nimue Therapeutic Facial R610
A pamper treatment to treat your specific needs.

Teen Facial_ High Frequency R170
High frequency facial with added focus on extractions.

Nimue Refresher Facial (30min) R320
Cleanse, Condition, exfoliate, moisturise & Spf.

Diamond Microdermabrasion R920

Non-surgical Facelift R920

add ons for peels & facials

Nimue Alginate mask R130
Cooling & calming mask that reduces swelling, redness and inflammation on sensitive, irritated and acne skins. Also ideal for swollen, puffy and tired eyes.

Nimue TDS R100

Nimue Super Fluids R260
Each of the Super Fluids is a super concentrate of a specific active ingredient.

Collagen Face Film R240
Soluble hydrogel collagen enriched face mask film that provides deep hydration, plumping, cooling and tightening benefits. Suitable for all skin types.

High Frequency R85

pHformula.

pHformula resurfacing

SILVER resurfacing treatment

Consist: pH Resurfacing Treatment (Mela, Acne, Age or CR) on strength level required.

R600

GOLD resurfacing treatment

Consist: pH Resurfacing Treatment (Mela, Acne, Age, or CR) on strength level required with **TWO** add-on treatments as prescribed by therapists

R940

PLATINUM resurfacing treatment

Consist: pH Resurfacing Treatment (Mela, Acne, Age, or CR) on strength level required with **THREE** add-on treatments as prescribed by therapists

R1100

pH 30%TCA TOUCH

A revolutionary concept with intense stimulation and cell renewal and instantly creates a lifting effect. The resurfacing treatment allows for maximum efficiency without the negative side effects normally seen with convectional peelings.

R1700

pH TCA TOUCH pHixel Resurfacing treatment

A combination of nanoneedling with a chemical resurfacing agent (TCA). Allows for a deeper penetration of actives for dermal stimulation. An effective treatment for a variety of skin concerns.

R1900

pHformula.

proton pen

TREATMENT

Consist: pH Resurfacing Treatment (Mela, Acne, Age or CR) on strength level required followed by nanoneedling with transdermal solution. (HA, VITA A, VITA B or VITA C)

R1220

MASK

R270

What is Nanoneedling?

Nanoneedling is a non-invasive transdermal delivery system.

An extremely effective yet, non-invasive or painless procedure that targets a large range of skin conditions with NO DOWNTIME!

Unlike microneedling that uses actual needles to create micro-injuries, nano-needling uses a tip with 108 silicon hair-like cones that separate the cells of the top layer of the skin, to allow enhanced penetration of active products.

pHixel resurfacing

What is pHixel Resurfacing?

It's the application of AA solution whilst nanoneedling is performed.

AA Solution contains 4 key ingredients :

L-Arginine - A powerful anti-oxidant.

Mandelic acid - Treats pigmentation.

Phytic acid - Reduces the appearance of fine lines and wrinkles.

Pyruvic acid - Stimulates collagen and elastin.

The AA solution combined with nanoneedling ensures gentle resurfacing with maximum proton release to enhance penetration of the actives.

Giving your skin an advanced radiance and rejuvenation boost.

SILVER pHixel resurfacing treatment

Consist: Nanoneedling with AA solution.

R840

GOLD pHixel resurfacing treatment

Consist: Nanoneedling with AA solution with **ONE** add on.
(Dermabrasion or S.O.S repair mask)

R1100

PLATINUM pHixel resurfacing treatment

Consist: Nanoneedling with AA solution with **TWO** add ons.
(Dermabrasion & S.O.S repair mask)

R1300

pH TCA TOUCH pHixel Resurfacing treatment

A combination of nanoneedling with a chemical resurfacing agent (TCA).

Allows for a deeper penetration of actives for dermal stimulation.

An effective treatment for a variety of skin concerns.

R1900

dermexcel.

dermexcel peels

Clarify 15%

Helps provide clear, radiant skin.

Indicated for Acne; Congested Pores and Pigmentation skin types

R550

Clarify 30%

Helps provide clear, radiant skin.

Indicated for Acne; Congested Pores and Pigmentation skin types

R750

Rejuvenize 25%

Smooth the appearance of fine lines and wrinkles.

Indicated for Aging; Photodamaged and Pigmentation skin types.

R800

Rejuvenize 35%

Smooth the appearance of fine lines and wrinkles.

Indicated for Aging; Photodamaged and Pigmentation skin types.

R800

Illuminize

Helps provide vibrant, radiant looking skin with minimal downtime.

Indicated for Aging; Photodamaged; Pigmentation & Congested Pore skin types.

R800

Tri-active Retinol

This triple retinol formation uses next – generation retinoid active technologies.

It improves skin structure by stimulating the production of collagen and elastin.

This treatment will improve the appearance of fine lines and wrinkles, reduce acne and pore congestion, and effectively treat hyperpigmentation.

The active ingredients are released into the skin non-simultaneously, the continuous and prolonged release ensures pre- and prolonged anti – aging results.

R1000

peel add ons

Collagen Serum

A powerful antioxidant serum that will brighten the skin tone and reduce signs of aging.

Tetrahexyldecyl Ascorbate is one of the most stable and potent forms of Vitamin C.

It has the ability to increase collagen levels, reduce melanin production, brighten skin, and repair the effects of UV exposure and other environmental damage. Collagen serum will visibly plump skin, enhance skin tone, reduce pore size and smooth lines and wrinkles.

R55

Retinol Serum

This advanced formula has a phenomenally restorative influence on the many layers of the skin.

It improves the appearance of the toughest skin concerns: wrinkles, uneven skin tone, loss of firmness, blemishes, and enlarged pores.

The inclusion of Abyssine reduce irritation, reactivity & intolerance in sensitive skin.

R55

DERMEXCEL™

dermapen.

microneedling

Microscopic puncture channels are lightly stamped in the skin. Stimulating an inflammatory or wound healing response. This promotes intense renewal, repair and rejuvenation. Natural growth factors are released to stimulate reformation and deposition of fresh restructuring collagen and fibroblasts.

PLATINUM

velashape III.

VelaShape III is a non-invasive body contouring treatment for cellulite and circumferential reduction. Enabling you to safely achieve a toned, contoured and well shaped body in typically 3 – 6 sessions.

VelaShape technology combines infrared light, bi-polar radio frequency energy & vacuum, which cause deep heating of the fat cells, their surrounding connective tissue and the underlying dermal collagen fibers. This type of efficient heating and vacuum stimulates the growth of new and better collagen and elastin which results in localised reduction in skin laxity, body volume, and overall improvement in skin structure & texture.

AREAS THAT CAN BE TREATED?

Cellulite: the lower body i.e buttocks and thighs

Contouring: neck, double chin, upper arms, abdomen, love handles, saddle bags & bra fat.
